COOKIES POLICY

This page explains how we treat and protect any personal information collected through the use of cookies when you use this site. By continuing to browse our website, you consent to the use of cookies to the extent provided in this Policy. Please note that this Policy may be subject to updates over time in accordance with relevant European and national regulations, so please check this page constantly in order to ensure that you agree with any changes.

What are cookies?
Cookies are text files that store information on your hard drive or browser that you use. Cookies act as a memory for a website, allowing the website to recognize your device on each of your subsequent visits to that same website. Cookies make it easier to store your preferences on the website and, by detecting how you use the website itself, allow us to better customize it to further improve its functionality and overall usability.

Types of cookies
Session Cookies and Persistent Cookies On the site we may use session cookies with a duration corresponding to the single browsing session, which expire when the browser session is closed, or we may use persistent cookies with a longer duration, even beyond the closure of the browser session, but always for a specific time period.

For what purposes do we use cookies?
Third Party Cookies The website may allow Third Party cookies to be set in services on it. These cookies are not under our control. For more information about how the Third Party uses cookies, please visit the Third Party’s website. Functionality cookies Cookies that allow a website to remember choices a user makes (such as user name, language, or region) and allow it to provide the user with more personalized functionality.

Manage your options on cookies
You can reject, disable cookies from your browser and delete all cookies that are currently saved on your computer by taking action in your web browser settings. Please note that changing the cookie settings on your browsers may prevent you from being able to fully enjoy the functionality of the website.
